

Hygiene & Toileting System

Hygienic, simple and affordable.

The Rifton Hygiene Toileting System is adaptable to most toilets and, designed to improve the life of both the client and the caregiver.

Doubling as the perfect shower and bath chair, the HTS eliminates the need for separate equipment for each activity.

 The complete HTS family includes a **small, medium, and large** option.

Features

Highly adjustable, allowing room for growth over time.

Tilt-in-space tilts 5° forward or 25° back to double as a shower chair.

Foam molded cushions for comfort and easy cleaning.

Optional flip-up footboard to make sit to stand transitions easier.

Place over toilet or use as a standalone.

Accessories

Headrest

Adjusts in height, depth and angle for clients with limited head control.

Anterior Support

Promotes the ideal forward leaning positioning and doubles as a tray.

Butterfly Harness

Maximum anterior support and security for clients with limited trunk control.

Laterals

Independently adjustable and swing away easily for transfers.

+ 14 More

Independent Adjustments

The height, seat depth and backrest angle adjust independently for **optimal positioning**.

Size	User Capacity	Backrest Height	Backrest Width	Seat Depth	Seat Width
Small	34 kg	42 cm	29 cm	20-28 cm	20-30 cm
